Steve,

We have coordinated everything here, and we are planning on inspecting the plant in the next week or so. The exact date of the inspection will be set early of next week. We'll continue to coordinate closely with you.

Hi, Rich and Samantha,

During our meeting the other week, did you say EPA was going to “fastrack” a joint multi-media inspection of Super Salvage? How can we expedite the request and make something happen on the ground?

DDOE is ready to help any way we can.

Thanks!

Steve
